

# Leading on food justice

According to the United Nations, 8 million people in the UK struggle to put food on the table and are “food insecure”. The Co-operative Party, working in partnership with the wider co-operative movement, is working to persuade the SNP Government to fulfil its promise to legislate on food justice and guarantee the right to buy, grow, eat and sell healthy food.

By providing your details, you agree that the Co-operative Party may contact you with information about relevant campaigns, promotions, and Party membership. Your information will not be shared, and you may unsubscribe at any time.

Information for Party officers:

## About this form

The majority of people who get involved in the Co-operative Party for the first time do not immediately become members. Most people prefer to get involved gradually, attending events, taking part in online campaigns, and staying up to date with the Party's work.

Asking people who attend our events or pass by our street stalls to join our email list is therefore a great first step!

This form is designed to make it easy for party officers and event organisers to help build the Party's email list in a way that is clear and simple, and compliant with the law.

You should bring copies of this form to every event you organise, and give attendees the chance to sign up – whether they are currently a member or not.

Regularly asking existing members for contact details is a useful opportunity to ensure those that the Party holds are up to date.

Information for Party officers:

## Returning this form

Once this form is full, you should fill in the details below so that we know how and when the data was collected. It should be kept in a safe place, and returned as soon as possible to Party Head Office where it will be processed. This usually happens within 2-3 weeks.
